about public affairs

In our Christmas Folio we welcomed our new commentators to Open Platform and said thank you and goodbye to those who had been on during most of 1961, but it turned out to be a premature goodbye to Dorothy Healey. It had been our intention to replace Mrs. Healey with another spokesman of the Communist viewpoint, but as we are unable to find another Communist who will publicly announce his affiliation, Mrs. Healey will continue her commentary on this series. The law requires us to state a Communist affiliation if it exists.

Since the Communist viewpoint now holds sway over more than one-third of the world's people, KPFK thinks it should not be ignored in the Open Platform series which attempts to present opinion from the entire spectrum of political thinking.

Below is a quote from Stuart Mills' essay ON LIBERTY which may help to explain further KPFK's determination to include spokesmen of all points of view, including the most circumscribed, on OPEN PLATFORM.

"He who knows only his own side of the case knows little of that, his reasons may be good and no one may have been able to refute them, but if he is equally unable to refute reasons on the opposite side; if he does not so much as know what they are, he has no ground for preferring either opinion . . . nor is it enough that he should hear arguments of adversaries from his own teachers, presented as they state them, and accompanied by what they offer as refutation . . . he must be able to hear them from persons who actually believe them; who defend them in earnest, and do their very utmost for them, he must know them in their most plausible and persuasive form; he must feel the whole force of difficulty which the true view of the subject has to encounter and dispose of; else he will never really possess himself of the portion of truth which meets and removes that difficulty."

about music

There are two items of special interest to music lovers in this Folio: GIULIO CESARE, an opera by the contemporary Italian composer Malipiero, is the first in a regular series presenting operas from the RAI (Italian Radio & Television). Among those we will be presenting during the next few months are THE MERCHANT OF VENICE by Castelnuovo-Tedesco, recorded at the Florentine May Festival, LA WALLY by Catalani, OTELLO by Rossini, ERNANI by Verdi, LA RONDINE by Puccini, MURDER IN THE CATHEDRAL by Pizzetti . . . the list is long and exciting!

We highly recommend the chamber concerts from the Aldenburgh Festival, with Mstislav Rostropovich, Benjamin Britten and Peter Pears. You sense the festival atmosphere created by both artists and audience from the world premiere of Britten's SONATA FOR CELLO AND PIANO to the very last encore.
